Delegates Sponsor NDGW Whist

A huge whist party has been scheduled by the El Carmelo Parlor No. 181, N. D. G. W., to be held Wednesday, June 4, at 8:30 p. m. in the Masonic hall.

The party is to help raise expenses to send delegates to the Fifty-fifth Grand Parlor of the N. D. G. W. at Los Angeles, June 14-20.

Delegates planning to attend the convention are Dorothy Donofrio, Alice Oldham and Hattie Kelly. Alternates are Evelyn Van Gershot, Eloise Schillig and Ann Biggio.

Committee in charge of the card party will be the delegates and their alternates. Mrs. Oldham is chairman, and extends a cordial invitation to the public to attend. Score cards are nominal and a cash first prize will be awarded to the lucky winner along with many other lovely prizes.

Catholic Ladies Aid Plans Whist

Regular monthly whist of the Ladies Aid Society, of St. Michael's Branch No. 59, will be held Wednesday at 2 p. m. Place of the card playing will be in St. Michael's hall.

Mrs. N. Burns will act as chairlady of the event, and all other ladies of the organization will assist her. Score cards are nominal in price.

A cash first prize will be awarded the lucky player and many other lovely gifts have been procured. The ladies cordially invite the public to attend.

Royal Neighbors' Whist June 6

You have a date for Friday, June 6, to play whist with the Royal Neighbors of America, Vista Grande Camp No. 6035. Card playing is scheduled for 8 p. m. in the F. O. E. hall.

Mrs. Ocie Ainsworth, chairlady of the event, cordially extends an invitation to the public to attend. A cash first prize awaits the winner along with many other beautiful gifts. Score cards are nominal.

Diverted Ownership

One of the largest American oil producing companies supplies 21,000 retail outlets, yet it owns and operates but six of these filling stations. Artell J. Byles, president of the American Petroleum Institute, reports.

Smoking Dog
One of the reasons Spokane County Superior Judge Fred Witt would not consider appointment to the Supreme court for which he was recently prominently mentioned was that his wife preferred to remain in Spokane. And one of the reasons that Mrs. Witt preferred to remain in Spokane was that she feared the change of climate might not be good for her 10-year-old pet fox terrier Tiny. Tiny is a fastidious animal in that he cannot start the day, Mrs. Witt says, without a cup of coffee well seasoned with sugar and cream, after which he demands a cigarette.

Life in Japan
Latest statistics show the average length of life in Japan is 44 years for males and 43 for females.

Wrong Training
Colleges continue to train students the jobs that no longer exist, Chester G. Moore, chairman of the board of the Central Motor Freight association, recently told a conference at the University of Illinois. And all the time, he said, jobs as salesmen, accountants, office managers, solicitors, traffic managers, and tariff experts—in the trucking industry, are going begging.

Spicing Up Trade
Progress in production of spices in this country is noted by the American Spice Trade association, reporting that of 25,000,000 pounds of mustard seed used last year, 17,000,000 pounds were domestically grown. Production in 1940 is expected to reach 20,000,000 pounds here.

Profits in Modernization
More than 1,000 grocery store owners, members of the Independent Grocers alliance, recently studied a survey of increased profits resulting from store modernization with structural glass. It was revealed that average profits increased 20 per cent the first year after modernization and that the average gross receipts rose from \$21,000 to \$24,000.

RAINBOW

SUNBURST PLEATS in a rain-bow effect is the clever dress-maker detail of this Elinor Jenkins' frock worn by Delma Byron, heard in "The Goldbergs" series on Columbia network. The sheer woolen frock combines Copenhagen blue with stripes of tipstick red and grey. Her pompous Breton sailor is of a matching hue of blue.

Dive Into SUMMER FUN

Boys and Girls — Join the Daly City Record Swimming Club

Daly City Record's third annual swimming program for local grammar school boys and girls will open June 16.

Here's what club members are entitled to:

1. Ten free week-day afternoon admissions at Jefferson Union high school plunge with swim suits and towels furnished without charge.
2. Ten half hour swimming lessons under the direction of qualified American Red Cross instructors.
3. A four-inch felt swimming insignia to be awarded at the completion of the course.

Membership cards to the Daly City Record Swimming Club are issued to any local grammar school boy or girl who secures one one-year subscription to this newspaper.

For further information call The Record Circulation department—Randolph 3215.

Family Crepuscular
"Pachyderm" Ben Greenbough of Red Lodge, Mont., claims to have the bone-ridingest family in the United States, declares the American Magazine. His two sons and two daughters go the rounds of about 25 rodeos every year, and consistently rope in the championship prizes.

Apple Blossom Time
Mrs. Sadie Tuxford, Redwood City, Calif., would like to have someone analyze the "secret urges" which have pushed her two-year-old apple tree to blossom five times within a year and to bear four crops of fruit.

Most Spanish Spot
The most Spanish spot under the American flag is the romantic city of Ponce, on the southern coast of the United States territory of Puerto Rico. Although Ponce was the first city to be entered by the Americans who took Puerto Rico in 1898, it has been the last to give up the Latin heritage it derived from its Conquistadores. English is spoken widely in Puerto Rico, but Spanish is the prevailing language in this stronghold of old Castille.

German Language
The German language is spoken by a majority of the people in 16 of the 23 cantons in Switzerland.

Healthful Breakfast Menus

Importance of vitamins and minerals for individual and family health protection under today's living conditions is emphasized in the government's adoption of a national health defense program. The need for optimum rather than minimum amounts of food essentials to fortify against the stress of modern life, whether civil or military, is fully recognized.

The country abounds with natural foods which, taken collectively, have all vital elements. By choosing wisely, even in winter the housewife on a moderate budget can feed her family for health.

As cold weather cuts down the variety of fresh fruits and vegetables, it becomes increasingly important for each child and grownup to eat adequately of the fresh foods available. Americans are indeed fortunate that certain producing areas in this country harvest crops every month in the year, as California with its green vegetables and golden citrus fruits which ripen winter and summer.

An adequate breakfast with two fruits is one form of health insurance. One large glass of fruit juice, preferably fresh orange juice, is the best of all breakfast starts. Fresh orange juice is recognized as the primary source of vitamin C, and also as a supplemental source of vitamins A, B, and G, calcium, phosphorus and iron. How could any chemist's art improve on this

natural way of acquiring what it takes for normal growth and development — particularly of the bones and teeth — and to keep the general health level above the reach of infection?

Only deep golden orange juice is a good source of vitamin A. The richer the color, the richer the juice, according to men of science. This is one reason why California orange juice can be depended upon to average the highest concentration of protective essentials.

Here are some breakfast suggestions which will help you send your family off for the day, well prepared to withstand the "ravages of winter." The photograph of the breakfast plate shows an egg poached in an orange ring. Remove fruit meat from an orange slice, put circle of peel into boiling water and break egg into the orange ring.

Dixie Named

A New Orleans bank was responsible for the popular term "Dixie," applied to the land below the Mason-Dixon line. Henry E. Kirod, Houston engineer and numismatist, said the Citizens bank of New Orleans was the originator, through its 10 piastre notes. The notes were issued in 1893, printed half in French and half in English. On the face of the note was the word "Ten" and its corresponding French word, "Dix." Southerners called the bills "Dixie." In these days, states issued their own money and much of it was almost worthless. The New Orleans bank was in prosperous condition, however, and the bills spread over the southland, which gradually became known as the land of the "Dixies," and finally, Dixieland.

Longest River

The Mississippi-Missouri, generally considered one river by geographers, is the longest in the world. From the fountain-head of the Missouri, in the Rockies on the south-west border of Montana, its total length is 4,231 miles. From the source of its other branch at Lake Itasca in northern Minnesota, the so-called Mississippi proper is 2,558 miles long. The second longest river is the Nile, 4,000 miles from its remotest headstream, the Kagera, which flows into Lake Victoria. The Amazon river in South America has the greatest basin—2,772,000 square miles.

Home Work

Since the transfer of Holland and Belgium, members of the senate committee handling army and navy affairs have taken to holding off-the-record evening meetings in each other's homes to brush up on the facts about Uncle Sam's defenses, with high United States military experts invited in as "teachers." The speed with which the senate has acted on national defense measures is taken as evidence that the senators are apt pupils and learn fast.

Houses for Poor

Benjamin Mason, Philadelphia Negro, on relief, won \$150,000 in an Irish sweepstakes, and promptly took his winnings and put them into a housing project for 71 families, thus replacing a slum block. The Housing authority advanced the remainder of the money.

Ancient Decorations

Shell, crystalline spar, bone and ivory were all employed by the ancients for architectural decoration. On these hard substances, the colorists could produce excellent designs. The thin film of color, however, was not durable—it soon wore away and light places showed through. Since those days, modern methods of decoration include certain mordants to set the colors and the staining of small articles made from such dense substances in a dye bath for several hours.

Museum for Youth

Since the modern youth section of the Illinois State museum was opened in Springfield recently, the usual "Hey, Mom, what's that mean?" approach of juvenile museum visitors is going out of use. For the new branch has been designed throughout to promote the imagination and to lighten the intellect of boys and girls by presenting natural history displays in a way comprehensible to them. Simple, uncluttered displays in specially made cases, together with simply worded labels, go a long way in this direction.

Hull Mentioned

During a press conference in Washington, former Gov. Alf M. Landon of Kansas, inadvertently referred to Secretary of State Hull as "President Hull."

"Is that all significant?" inquired a reporter.

"Not especially," replied the 1936 Republican presidential candidate, but he conceded that if the Democrats picked Mr. Hull they would at least have a good candidate.

Surprise Tarts

Prepared by Mary Lee Taylor

May 28, 1941

1 package vanilla
pudding powder
1 cup Fat Milk
diced with
1 cup water

1/2 teaspoon vanilla
1 large drained ap-
ple, diced or
canned

Put pudding powder in saucepan. Gradually
stir in diluted milk. Bring to a boil, stirring
constantly. Continue stirring and cook slowly
for 30 minutes. Remove from fire and stir in
vanilla. Cover and cool in icebox. Put in
baked Chocolate Tart (see below). Chill until
firm. Garnish with drained apples. Serves 6.

Chocolate Pastry

1/2 cups cake flour
6 tablespoons cocoa
6 tablespoons sugar
1 1/2 teaspoons baking
powder

1/2 teaspoon salt
4 tablespoons cold
shortening
6 tablespoons Fat
Milk

Turn on oven and set at moderately hot
(400° F.). Sift flour before measuring. Beat
with cocoa, sugar, baking powder and salt.
Work shortening into flour mixture with
paty blender, 2 knives or fork. When mixture is
crumbly, gradually stir in milk. Divide dough
into 6 portions. Roll each portion out on
floured board into a round 14 inch thick and
about 6 inches across. Line bottom and sides
of 6 four-inch tart pans with pastry. Push
pastry with fingers to middle of pan. Push
bottom and sides of pastry with back. Bake 15
minutes, or until pastry shrinks from sides of pan.
To Substitute All-Purpose Flour for Cake
Flour: Measure out the above amount of
flour then take out 2 tablespoons.
